Candidate for Commissioner

Paul Bounds, Flat Top dairy farmer and fertilizer business owner, this week qualified as a candidate for Beat 2 election commissioner.

Bounds, 46, a Navy veteran of the South Pacific in World War two, is married and the father of two children. He serves as director of the Hancock County Farm Bureau and is a member of the legislative committee. He is also a member of the Hancock County Welfare Board; local dairy association and the National Milk Producers Association.

Mr. Bounds has worked with the U.S. Department of Commerce, and served as crew leader in charge of the farm census for Hancock and Pearl River Counties in 1964.

DISCUSSED AT MEETING

See Real Necessity for Bond passing Oct. 29

The primary concern of the Bay-Municipal School Board at the Monday night meeting was the upcoming special school bond proposal to be voted on Tuesday October 29th.

Joe D. McCullough, Superintendent of education stressed the necessity of the bond proposal. McCullough stated a real classroom crisis has developed with higher student enrollment, within the Bay-Municipal School District.

The special election to be held Tuesday October 29th, will be calling for \$425,000 approval of a special bond issue. Funds raised from this source will be used to build a new elementary school in Waveland and the renovation of present facilities at North Bay Junior High.

As stressed by McCullough, the updating of these facilities will have to be done, or eventually the possibility could arise, causing the school system to lose its present high accreditation.

The board gave approval of the September claim docket at the Monday night meeting. Also approved by the board members was an estimated fixed expenses expected to be incurred during the current school year.

In other action, discussion was brought up by McCullough, concerning the need for two more school buses. McCullough stated that too many student passengers are now being placed on buses. According to McCullough, funds are now in the school transportation account to purchase one bus, which will cost approximately \$6,390. Motion was made by board member Howard Adams and seconded by Frank Wheat to purchase from school funds one school bus.

The board also was presented a letter by Bay St. Louis Parks and Playground Commission requesting permission to enter into agreement with Bay St. Louis School Board to improve and place into maximum use the baseball field located next to Tiger Stadium. The

school board approved this request.

Under house bill No. 74 the board discussed the idea of requesting that the mayor and the Board of Supervisors borrow \$10,000, to be used to defray current expenses of the school district. A motion was made and passed, with a clause stating, that interest rates for this loan are not to exceed 6%.

One Arrested on Gambling Charge

Sheriff Fred Curet reports the arrest of one man when he and deputies broke up a game of chance in the old ice house building Friday night.

Curet said John E. Kennedy, negro male, was arrested and charged with possession of gambling equipment and resisting arrest. He added that numerous complaints have been received from citizens protesting fighting and double parking around the building. Alleged narcotics found on the scene are being tested by the state laboratory.

Kennedy was released on \$200 bond after hearing in Justice of the Peace Court of N. C. Rhodes.

In other action Robert Geiger was charged with allegedly attempting to smuggle liquor to a Hancock County jail prisoner last week. He is free on \$500 bond after being bound over to the January grand jury on the charge. The liquor, found in a sealed milk carton, was tested and verified by the state laboratory. Geiger is said to have had the carton with food being brought to the prisoner.

Jay Egan

Announces

Jay Egan, 28, of Pearlington was qualified as a candidate for Hancock County School board membership in District 1.

Egan, whose wife Gayle is employed at Gulf National Bank, attended Pearl River Junior College, Tulane University and is a partner in Marina East in Pearlington.

He states that he supports full national accreditation of all Hancock County Schools.

Hancock General Board unanimously Re-elected

Members of the board of Hancock General Hospital were unanimously re-elected at the annual meeting in the board room Tuesday. Approval of \$728,360, was also given and Sam L. Favre, named attorney for business year.

Haas moved that Currier be re-nominated and, stating that he had done the job in the position; Currier seconded the

motion. Rev. Charles Johnson was re-elected vice president; Kenneth Caron, secretary and John Rutherford, treasurer, all unanimously. The existing staff and technicians were re-appointed in the same manner. Bill Blackledge, administrator, reported upon a meeting with the medical staff and said all steps to remain in compliance had been taken and that the hospital was prepared for inspections by representatives

of the Department of Health, Education and Welfare expected within 30-45 days.

He also announced that the sewerage plant was ready for connection with city facilities and that work had been done utilizing hospital employees and outside labor and materials at a cost of less than \$500; half of the original estimate. The board approved payments of \$50, \$42, \$110 and \$46, for labor and \$248, for materials.

Final action came on motion to accept a bid of Miss-Lou Asphalt of \$5,712.60 for re-paving and enlarging parking areas, pending receipt of proof of insurance and posting of a performance bond. Holcomb's bid of \$6,534.95 was nearest to that of the successful bidder, followed by Feeney Construction, \$7,375.81 and Bird, \$7,783.81.

The 1968-69 budget was presented and approved as follows: (Cont. on Page 7-A.)

Father of Five Candidate

Horace G. (Red) Davis, Jr., candidate for Hancock County School Board, Beat 1, of Pearlington, is the son of Mr. and Mrs. Horace Davis, Sr., owners of Davis' Store in Pearlington. Davis, 38, a Bay High School graduate, and his wife Ruth are parents of five children, three now attending Charles B. Murphy School in Pearlington.

He is a Marine Corp veteran of four years service, a past president of SSC Sidelines Club, past master of the Masonic Lodge and a member of the American Legion and the Diamond Club. He voluntarily organized and coached Charles B. Murphy's football teams for more than three years until a faculty member was found to act as coach, and has coached and organized Little League baseball teams.

Mrs. Davis has been a school room mother, and chairman and member of a number of committees.

Tigers, Rock-a-chaws Slated to Meet In Big Game Friday

By Keith Ledner
St. Stanislaus Colloquy

This Friday night the mighty St. Stanislaus Rock-a-chaws and the fighting Tigers will cross paths at 8.5. C. stadium for the second time in the football history of both schools.

These two teams have not met since 1949, when the Rocks rolled the Tigers 45-0 in the opening game of the season for both schools. The Rocks (3-2) will be out to prove that his-

tory repeats itself as they will once again be favored over the Tigers (1-8).

The Rocks dropped their first game to Slidell, but went on to beat East Central, St. Bernard, and St. Johns Prep before falling to Ocean Springs last week.

The Tigers got their only win three weeks ago against North Central. Before this they had lost to Stone, Pass High, and Pearl River. After their win they lost to Harrison Cen-

tral and Long Beach.

The Tigers, plagued with quarterback troubles, will have to depend on their running game headed by Mike Benigno, Bill Rodde, and Doug Burch. Jack Strong, tiny man quarterback, whose passing game has improved could present a problem for the rocks.

The Rocks, who also have a good rushing game, will depend mainly on the great passing game. Paul Gravolet, Rock

PROPOSED BUILDING PROGRAM

BAY ST. LOUIS MUNICIPAL SEPARATE SCHOOL DISTRICT

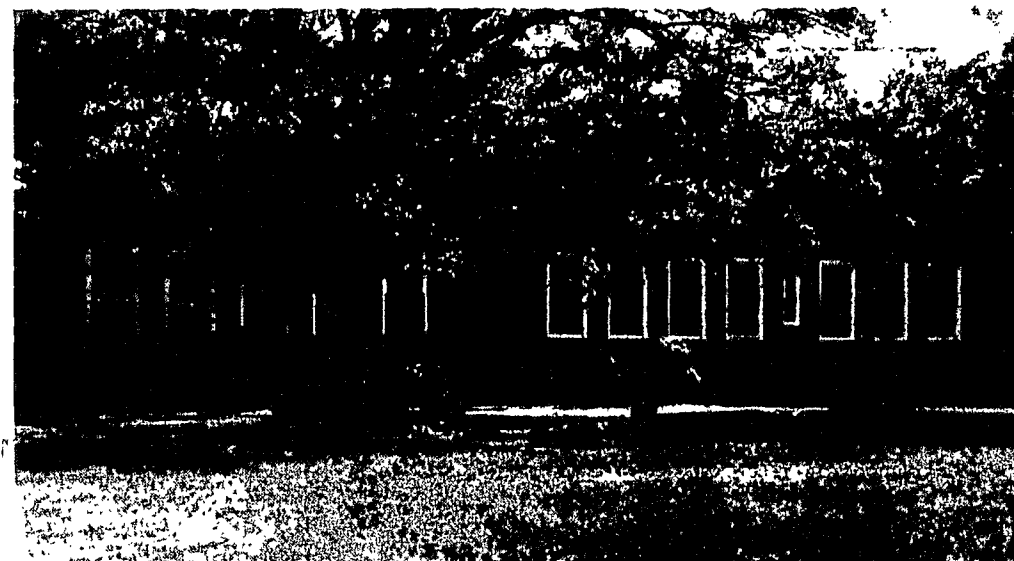

TUESDAY, OCTOBER 29, 1968

PROPOSED WAVELAND ELEMENTARY SCHOOL

11 ACRE SITE OF NEW WAVELAND ELEMENTARY SCHOOL

PRESENT WAVELAND ELEMENTARY SCHOOL

QUESTIONS & ANSWERS ON BOND ISSUE

What is our present enrollment in the Bay St. Louis Municipal Separate School District?

2,134 - September, 1968.

How does this compare with the enrollment of last year?

92 over and above last year's enrollment.

Are all of the classrooms in the elementary grades 1 - 6 filled?

Yes, with 35 to 40 students in each classroom (average per class should be 30 or less).

By the passage of this bond issue, will our building facilities in our elementary schools be adequate for next year?

Yes, we will have enough room for an additional 200 elementary students.

What rating as to scholastic standing can schools hold in Mississippi?

Schools can just be ACCREDITED by the State Department of Education which is the minimum, or schools can offer a more enriched program and move up into the CLASS A, next into CLASS AA, and then SOUTHERN ASSOCIATION CLASS.

What ratings do the schools in the Bay St. Louis Municipal Separate School District hold?

CLASS A - CLASS AA - and - SOUTHERN ASSOCIATION CLASS

By maintaining these high scholastic ratings, what effect does this have on our students?

This means that students finishing school here in our school district can attend any college of their choice.

What must we do as citizens of our community in order to hold and keep our school ratings high?

We must see to it that adequate building facilities are constructed and that our program of studies are geared to the modern trends in education.

What are the names of the two projects to be voted on?

1. New Waveland Elementary School
2. Renovation of the Junior High School

What grades will be taught in the new elementary school in Waveland?

Grades 1 - 6.

Describe the proposed new elementary school in Waveland.

12 classrooms, air-conditioned building, music and band departments, kitchen, cafeteria plus stage, library, teacher's lounge, sickroom, administration office, storage space, restroom facilities and covered walkways from main building to chorus and band departments.

Where will this new Elementary School be located?

New Elementary School will be located on St. Joseph Street south of Old Spanish Trail (see map).

Q. What will be the name of the new school?

A. The name of the new school will be Waveland Elementary School.

Q. Describe renovation of the Junior High School.

A. Clean outside of the present Junior High School, replace flooring and seats in auditorium, add a new kitchen with modern equipment thereby providing more space in cafeteria for eating facilities, also the construction of a new covered walkway from the main building to the cafeteria.

Q. What will be the cost of both proposed projects?

A.	\$ 442,000	- proposed new Waveland Elementary School
	\$ 68,000	- renovation of Junior High School
	\$ 510,000	- Cost of both projects
	\$ 85,000	- Education Finance Commission (State Aid)
	\$ 425,000	- LOCAL BOND ISSUE

Q. WHAT WILL BE THE COST TO EACH HOME OWNER?

A.	\$ 1.75 per thousand dollar assessment (First year, then less each year thereafter)
	\$ 1,000 - \$ 1.75
	\$ 1,500 - \$ 2.63
	\$ 2,000 - \$ 3.50

Q. Are our children worth this small fee?

A. We, the School Board, Administration, Faculty, Staff and Student Body of the Bay St. Louis Municipal Separate School District, believe they are.

Q. Can the local School Board justify the need for these two projects?

A. Yes, by a visit by each citizen to Waveland Elementary School which was built in 1930 to prove that this project is long overdue and that the Waveland Elementary School should be replaced with a modern, up-to-date building and facilities with additional classrooms for future growth. Also a visit by each citizen to the Bay Junior High School during lunch hour to see for yourself the need for additional eating space and renovation there.

Q. What date will Bond Issue be held?

A. Tuesday, October 29, 1968 (between the hours of 7:00 A. M. and 6:00 P. M.)

Q. Where will people go to vote?

A. North and South Bay to City Hall; newly annexed area in Bay St. Louis will vote at New Senior High School; Arlington area at Arlington; Edwardsville at National Guard Armory. All other voters outside of the above mentioned voting precincts who still reside within the school district, will vote at the Hancock County Courthouse. All Waveland voters will vote at Waveland City Hall downstairs in the gas department.

We as citizens must not sit idly by as time waits for no man. Time, Talent, and Progress will pass us by if we fail to act when there is a need. The passage of this Bond Issue will prove to the children of this community that you are in favor of affording them with a continued sound educational program.

Opened for Water-Gas Lines

Bay-St. Louis, Miss. (ECHO) — The new water and gas lines for the Bay-St. Louis area were opened for service on Thursday, Oct. 17, 1968.

The project was completed by the Bay-St. Louis Water and Gas Company, a subsidiary of the Bay-St. Louis Electric and Gas Company. The project involved the installation of new water and gas lines throughout the Bay-St. Louis area.

BILLION SMOKE and a full-throated roar the S-11-6 went through static firing tests at the National Aeronautics and Space Administration's Mississippi Test Facility recently. This marked the third static firing of an S-11-6 second stage at MTF during 1968. Significantly this firing occurred just three days after the official date of the 10th anniversary of NASA. The liquid hydrogen fueled second stage developed over one million pounds of thrust during the six minute and 12 second firing.

Lemay Child Injured Here

A 10-year old boy suffered a compound fracture of the right leg when struck by an automobile on St. Francis St. Saturday.

John Lemay of Apt. 23 Sycamore Street, was hit when he dashed into the path of the car operated by Mrs. Tony Compertta at 3:45 p.m.

Police Chief Lathon Gariga said no charges were filed as the mishap was ruled unavoidable. The child dashed from the yard of Willie Thompson and was said to be running from a dog at the time of the accident.

He was taken to Hancock General by Riemann's Fabry-Whitfield ambulance.

Federal Officers Curb Moonshine

Federal officers continued their drive against the moonshine whiskey operators in Mississippi by destroying 37 illegal whiskey stills and 15,401 gallons of fermenting mash during September. Walter L. Kelley, Assistant Supervisor in Charge of the Alcohol and Tobacco Tax Division, said that 17 persons were arrested by agents who also poured out nearly 200 gallons of moonshine whiskey.

The stills seized would have produced over 600 gallons of moonshine whiskey daily and caused a tax loss to Federal and State Governments in excess of \$6,000 each day.

Anyone having knowledge of moonshine whiskey violations is urged to write to P.O. Box 1607, Jackson, Mississippi 39205. All such communications will be held in strict confidence.

I'M NOT DEAF!

Under normal conditions, I hear well enough. But sometimes my ultraminiature DAHLBERG MIRACLEAR® hearing aid is a blessing. I just put it in my ear and I hear more clearly. It is so natural sounding—nothing above my ear, or below my ear. Nothing behind my ear or in front of my ear. No tubes, nor wires, no scratchy sounds. It is especially designed for those who hear but do not always understand—a classic symptom of nerve impairment. If diagnosis shows you have this type of loss, this modern

hearing aid may give you the extra "lift" you need to live a full and active life! Rush this coupon. You'll receive descriptive pamphlet promptly.

Dr. Magiera Now With Catholic Charities

Catholic Charities, Inc. of Mississippi takes pleasure in announcing the affiliation of Estelle Magiera, M.D., a psychiatrist, with their organization. Dr. Magiera will complement existing services and also provide specialized psychiatric services for the clients of Catholic Charities, Inc.

Dr. Magiera retired August 1, 1968 as Director of the Mental Health Services for the Mississippi State Board of Health. Before joining the Mississippi State Board of Health she was psychiatrist for three years at the Rochester State Hospital, Rochester, Minnesota, and psychiatrist and director of shock therapy at Mississippi State Hospital, Whitefield. Dr. Magiera was awarded a scholarship at the Neuro-Psychiatry Institute at Hartford, Conn. She then returned to Mississippi and was awarded a scholarship with public health. Her next tour of duty was that of Health Officer of the Hinds County Health Department, Jackson. In 1943 she

did her graduate study in Child Psychiatry at the Judge Baker Guidance Center and Massachusetts General Hospital, Boston.

After finishing her post-graduate study she returned to Mississippi and organized the Mental Health Program for the State. A single center was opened in September 1943. Since

then the psychiatric program has been expanded and at the present time there are in the state three regional centers, each staffed by a psychiatric team.

Since 1966, Dr. Magiera has been Clinical Instructor, Department of Psychiatry, University of Mississippi Medical School, Jackson.

She is listed in Who's Who in American Women, Who's Important in Medicine, and Who's Who in the South and Southwest.

BARRY LYNN FARVE son of Mrs. Evelyn M. Farve and the late Mr. Joe P. Farve is home on a 14-day leave after completing boot training at San Diego. He is scheduled for transfer to Great Lakes, Ill. to attend Basic Engineering School.

PROPOSED PUBLIC LIBRARY FOR HANCOCK COUNTY

AN OPEN LETTER TO ALL HANCOCK COUNTY CITIZENS

Dear Citizen:

On November 5, after voting for your nation's next president, you will have an opportunity to vote also on a matter of tremendous importance to you, your children, and your grandchildren.

A new, fireproof, well-equipped public library servicing the entire county is within your grasp in the near future. It cost to you will be extremely small and its value in education and pleasure too great to calculate.

If your assessment is \$1000, it will cost you only \$1 a year for five years... if your assessment is \$2000, only \$2 a year for five years!

This opportunity is too great to be thrown carelessly away. Your "YES" vote will cost you so little, yet it will help to pass a proposal which in five years will raise \$100,000 of the total \$200,000 required for the building and equipment. Private donors have already given \$12,300 toward the remainder, and new donations are coming in each day.

Thirty-four years ago the first public library in Hancock County began with 200 books stacked on the floor of an empty room above the Hancock Bank. Now, 34 years later, we are ready for the 35,000-book, excellent library pictured above, which plans to have a branch library in Waveland and bookmobile service throughout the county.

Look for the library proposal at the end of the ballot... Vote "YES!" Your vote will help all of us to take.....

A GIANT STEP TOWARD A BRIGHTER FUTURE FOR YOUR CHILDREN AND YOUR COUNTY!

H. H. Shattuck, Chairman
Library Building Committee

TO THE VOTERS OF HANCOCK COUNTY:
I WISH TO TAKE THIS MEANS OF ANNOUNCING MY CANDIDACY FOR "ELECTED COMMISSIONER" FROM BEAT TWO OF HANCOCK COUNTY.
I am 48 years of age, married, and the father of two children. I am a Veteran of World War II having served in the Navy in the South Pacific for three years. I am a resident of Flat Top Community where I own and operate a dairy farm and a wholesale and retail fertilizer business.
I have a high school education and studied farming under the G.I. Bill on the Farm Training Program. I am a member and director of the Hancock County Farm Bureau and served this past year on the Legislative Committee. A member of the Hancock County Welfare Board, A member of our local dairy association, the Regional Dairy Association, and the National Milk Producers Federation in Washington, D. C.
I was elected to the A.S.C.S. County Committee and served as chairman for a term.
I have worked with the U.S. Department of Commerce, Bureau of the Census as Enumerator and served as crew leader in charge of the Farm Census for Hancock and Pearl River Counties in 1964.
I feel I am qualified to serve all the people of Hancock County as your election commissioner and shall, if elected, conduct the duties of election commissioner with honesty, dignity, and fairness to all.
Since time will not permit me to contact all the voters personally, I sincerely ask that you consider my qualifications and will give me your support and vote on November 5, 1968.

Olds Ninety-Eight:
Strong, silent and in the classic tradition. Take the wheel.
Get carried away in a whole new world of luxury-car pleasures. The look is contemporary elegance. The ride is luxurious on a new longer wheelbase. New interiors, new GM safety features, new advances in power-assisted driving pamper you at every turn. So drive one of our six elegant Ninety-Eights today. Luxury was never so exciting!

Once again on a perfect, bright blue October Sunday we find ourselves strongly inclined to do almost anything except the task at hand. The sun's gold, only slightly tinged by light autumnal haze, must be breakfasting on the beach and the thought of just sitting, idly watching the sparkling blue waters is unbearably tempting. Of course fishing would be even more tempting, but a game of tennis, a sail, or better yet a spin out to Ship Island on almost any boat — and the weeks are full of dry and drying pods and berries for flower arranging — When—enough! Time to begin the weekly report of doings in and around happy Hancock County.
Brilliant stars and a brisk breeze contributed to make Friday night ideal for football fans who arrived in Tiger Stadium eager to cheer the home team on. Of the score, we'll say little except that Long Beach certainly had lots of great, big "old boys"—and our young home team is improving with each game. The half-time show was spectacular and there was no doubt that the Pride of Tigerland outdid their rivals with each step and note.
The game was most colorful—never before have we noted so many red, white and blue pennant flags fluttering upon one single field. This had us puzzled until one of the referees turned out to be none other than our old friend Albert Heister, better known hereabouts for his prowess with juries; as he's an assistant district attorney in "real life".
Just a few viewers included Mrs. May and John McDonald, Helena and Bill Wood, Gray Wade, Edna and Claude Varkborough and her mother Mrs. Gus McKay, Juanita Erwin, Lennie and Dave Fosterster, Juanita and Bill Bach, Roseann and Teddie Thomas, Shell and Bill Johnston, Mattie North, Donald Caldwell, the Dave McDonalds, Winnie and Jim McDonald, Virginia Miller, the Bob Wades, the Jean Puchess, Margie and Mac McCutcheon, Ann and Ed Porter, Virginia and Fred Wagner, Alice and Bill Pitts, Nadine and Richard Stamm, John Damborian, Rev. Deyn Mummer, and many, many more.
Last week was quite busy birthday wise, Lee Costa cut his cake on Oct. 11 as did "Bruffie" (Mrs. Archfield) Bruff. A number of friends dropped in to admire her huge 80th cake Friday afternoon. Just a few seen when the Echo photographer showed up, included Gladys Robert, Elise Kelling, Mabel Carter and Pat Viguerie.
Caroline Kleier, who is feeling and looking wonderful these days, observed her "38th" on Saturday, Oct. 12, Hippo Phillips was only "36" the following day!
Pretty blonde "Sunny" Laney was feted at a large birthday party on Saturday, Oct. 12. Her husband Roy entertained in her honor aboard the popular Showboat.

NOTE — We received some very interesting comments on newspaper clippings from someone in Long Beach, but are unable to reply as our correspondent neglected to enclose his name. Please sign all letters if you wish answers—we will not print names if you request that we do not; but must have them as we are unable to acknowledge anonymous notes. P.S. we are not for either of the political candidates you mentioned, SRI! But we are happy to note that you're still reading the Echo!
COMPLAINT DEPT. — Once again it's the one-eyed mobsters that mislead every roadway night after night. Just because one is forced by law to get inspection stickers only once a year, there's no law that states that lights not be checked at any time!
(Cont. on Page 5-B4.)

Moungers Report on Recent Vacation Trip

It gives one a sense of guilt to have travelled extensively in Europe and to come out in Asia and Africa, but not to have visited important parts of our own nation. Therefore, Mrs. Mounger and myself, in September, set out for some of the National Parks in the Western part of the country. As we covered about 8,000 miles in two weeks a number of impressions came pouring in.
A new admiration for the pioneer men and women who, without air-conditioned cars on modern highways but with animal powered wagons, braved their way across the barren wind swept plains and the heights of the rocky mountains.
A sense of antiquity. There were early settlements of white men at St. Augustine, Jamestown, Plymouth Rock and Bunker. However, in Santa Fe, N.M. you are shown the "oldest house" made of clay and poles, "the oldest church" (A mission); the "oldest public building" in America. You are charmed by the early Spanish architecture and atmosphere of Santa Fe and duly impressed with its age until you climb the Mesa Verde (8000 ft. plus), in Colorado to see the cliff dwellings of the Indians, made of clay and stone in the 1100's or 1300's A.D. It is a bit humbling to know that the red man came to this continent by way of the Bering Sea and had a civilization (basket making, agriculture, etc.) many thousands of years before our ancestors ventured across the Atlantic. But even more humbling it is to witness the giant Red Woods and Sequoias of California standing tall and proud after hundreds and possibly thousands of years. Or to walk over the tracks of the dinosaurs (Northern Arizona), which were living there millions of years ago, or to see tri-lobite fossils, evidences of life many millions of years before the dinosaurs.
Most of all, one is impressed by power and goodness and majesty of the handwork of God as evidenced by the Grand Canyon (North Rim), the Spruce, Ponderosa Pine Brick Trees of the Kaibab National Forest, Zion National Park, the Bay Area and varied-washed rocky shore of California with its teeming population, Carlsbad Caverns, etc. Lastly, we are thankful to be back home in the lush Mississippi and Pearl River valleys with their abundance of water, vegetation and warm hearted friendly people.

A Better Mouse Trap...

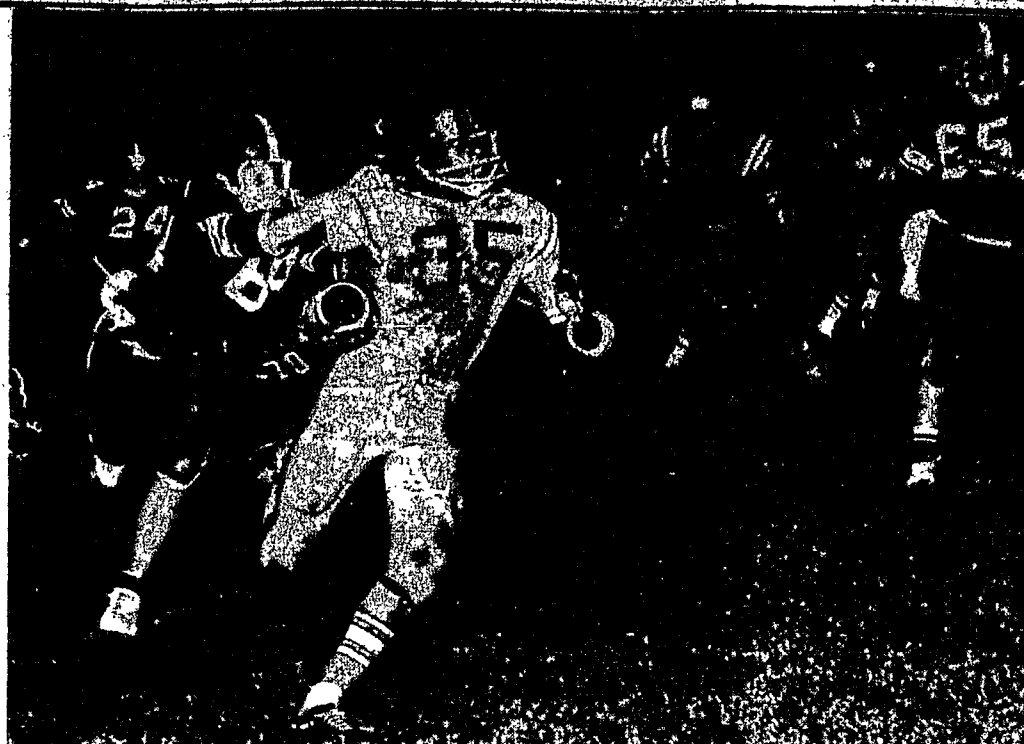

Emerson once said that if a man can make a better mouse trap than his neighbor, the world will beat a path to his door. Today's homeowners who want the better things in life are turning to flameless electric heating, the only new method of heating developed in the last 50 years.

More than 5,000 families served by Mississippi Power Company are enjoying clean, economical electric heating, and the number continues to grow each month. Many homeowners have discovered that yesterday's old fashioned heating system is outdated and are converting their homes to modern electric heating.

The imagination of people plus the energy of electricity has helped create a new and better method of home heating. For additional information about electric heating, contact one of our Residential Sales Representatives, and they'll beat a quick path to your door!

Nov. 14-15 Dates For Conference

Mississippi business and industrial firms have a "double-barreled" opportunity to profit from a "Procurement and Technology Transfer" conference set for Jackson, November 14-15, according to Charles Sewell, Manager of the Mississippi Research and Development Center's Management and Technical Services Division.

"First, the Federal Government and large, prime contractors with the government, provide excellent potential markets for Mississippi companies," Sewell said. "This conference will enable Mississippi businessmen to meet and talk directly with government and contractor procurement specialists."

"Second, new products and new technological advances created by the government's space and defense research programs are available for use by Mississippi companies. National Aeronautics and Space Administration and Small Business Administration experts on this subject will describe in detail the opportunities offered in this area."

The conference has attracted widespread support and interest throughout the State. Active sponsors of the project include: the Mississippi Manufacturers Association, the Colonel MIM Association, the Small Business Administration, Mississippi Power and Light Company, Mississippi Power Com-

pany, Mississippi Society of Professional Engineers, the Jackson Chamber of Commerce, Mississippi Bankers Association, the Mississippi Department of Agriculture and Commerce, and the Mississippi Research and Development Center.

Mississippi Senators Eastland and Stennis, and Representatives Griffin, Abernethy, Whitten, Colmer, Montgomery, and their staff have given their support as sponsors of the conference.

Nine Area Development Organizations are also participating as sponsors: Central Mississippi Development District, North Mississippi Industrial Development Association, Mid-Mississippi Development District, Harrison County Development Commission, Southeast Mississippi Industrial Development Council, Industrial Development Corporation of Kosciusko, the Delta Council, Southwest Mississippi Development District, and the Forrest County Industrial Development Board.

Expected to attract a large number of businessmen and industrialists, the conference will be held at the Heidelberg Hotel. The Thursday, November 14, meeting will start with registration at 8:00 a.m., and the first speaker is scheduled for 9:00 a.m. Thursday afternoon will be devoted to private counseling between the Mississippians and government and prime contractor personnel. These specialists will also be available for private counseling on Friday, November 15, from 9:00 a.m. until 2:00 p.m.

Government participants in the conference include representatives of the Department of Defense, the General Services Administration, NASA, Departments of Defense, the General Services Administration, NASA, Departments of Commerce, Interior, Labor and Agriculture, the Corps of Engineers, and the Small Business Administration.

Prime Contractors attending will be: Ingalls Shipbuilding Corporation (Litton), General Electric Company, Boeing Aircraft, Chrysler, Lockheed Aircraft, Martin Marietta, Vickers Corporation (Sperry Rand), IBM, RCA and Grallux and Honeywell.

"We believe that the private counseling aspect of the conference will make it particularly attractive to Mississippi firms," Conference Coordinator Richard Buford said. "Too many meetings cover generalities but do not provide for specific 'face-to-face' talks with the participants. We expect this conference to have direct, tangible -- and profitable -- results for Mississippi businessmen," he continued. Buford, Head of Special Business Services for the Management and Technical Services Division.

noted that the Division was directly interested in assisting Mississippi firms to identify new sales opportunities as a means of creating more profit for Mississippi companies and more jobs for Mississippians.

Additional information on the conference can be secured by contacting Dick Buford, Management and Technical Services Division, Mississippi Research and Development Center, P.O. Drawer 2740, Jackson, Mississippi, 39205. Telephone 382-4442.

Local Chairman Outlines Nixon's School policies

Hancock Republican Chairman W.M. Anderson said today that "Richard Nixon completely agrees with us that the Hancock or any local county school board is much more qualified to handle local problems than any court in the nation. This, of course, includes the Supreme Court."

Anderson said Nixon believes "there has been too much of a tendency for both our courts and our federal agencies to use the whole program of school integration for purposes which have little or nothing to do with education."

Anderson cited a copyrighted news story that predicts U.S. Commissioner of Education, Harold Howe, will be one of the first to leave his bureaucratic post under a Nixon administration.

"Howe is well known to our Hancock County school leaders," Anderson said. "His massive push for social integration has created turmoil in school districts throughout America and is a prime cause of many of the problems we now have in our schools."

Pointing to the November election, Anderson said Hancock Countyans have much more at stake than an election. "We have the future of our public school system."

"The question for each of us right now is to decide which candidate is honestly pledged to change the present disastrous policies of Humphrey's administration."

"Certainly no concerned parent and adult will want to enter a voting booth and gamble the whole future of our future's leaders educational development on a 60-second third party protest."

"With virtually every alarmed national conservative leader in the nation confidently supporting Richard Nixon, there can be no substitute to his election," Anderson concluded.

ROY CUEVAS, SON AND DAUGHTERS ARE SHOWN WITH THEIR LAMAR-LANE SALESMAN J.C. KOENNIG.

I live in Bay St. Louis and commute to Ingalls Shipyard in Pascagoula daily, taking several riders with me. I must have dependable transportation for this purpose. When my old wagon began to give me trouble, I called my cousin, J.C. Koennig who located just the wagon I needed, and I was back on the road come Monday morning.

I am convinced that all the good things I've been hearing about Lamar-Lane Chevrolet are true!

Loans Available To Local Farmers

Farmers who are short of storage space for bumper crops expected this year are reminded that the county ASCS office has information on available program aids. R.H. Bloodworth, Office Manager of the Pearl River-Hancock Counties Agricultural Stabilization and Conservation Service, pointed out that the need to protect farm prices through orderly marketing -- particularly at harvest time -- requires sufficient cribs and bins to store crops instead of rushing them off to market right from the field.

The most direct action farmers can take to bolster market prices for their crops is the use of the government loan program. The loan program not only guarantees the support price on a commodity, but when reports indicate increased farmer use of the program, the market price rises.

Commodity loans on stored crops can furnish immediate money and help farmers keep their crop off temporarily depressed markets thus strengthening prices, but this program depends on plenty of storage space. And should a crop be high in moisture content, conditioning it before storage or marketing may be called for.

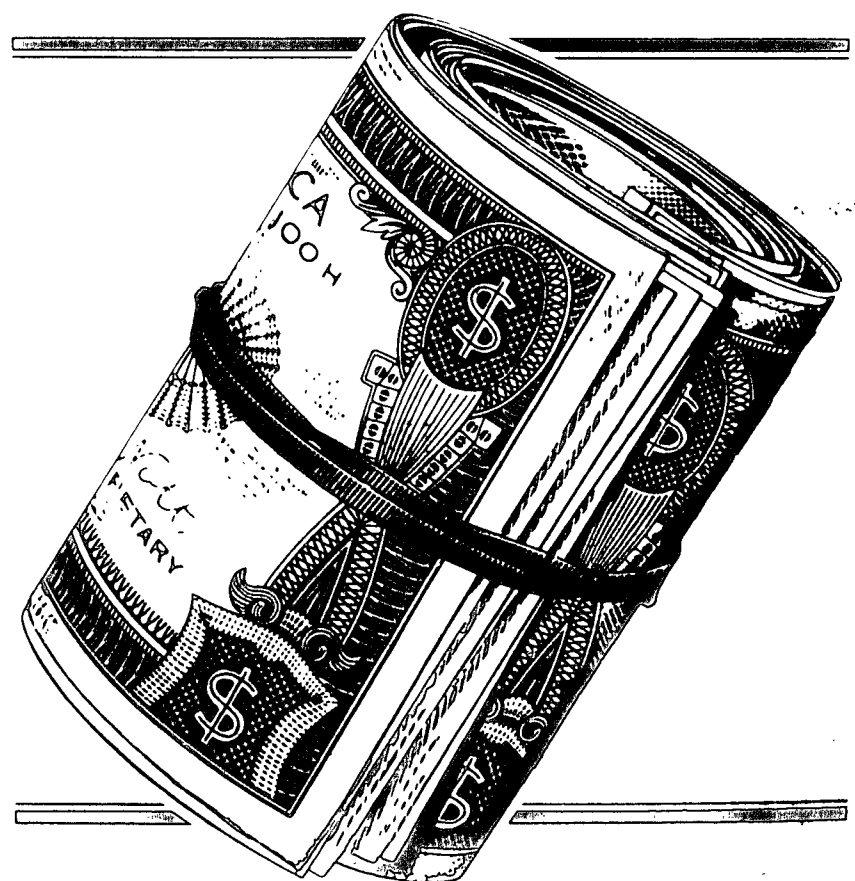

Producers are reminded that loans for drying equipment as well as for building on-farm storage facilities are available to eligible farmer at the county ASCS office. Full and up-to-date information on the facility and equipment loans is available at the office for the asking.

Farmers this year especially are cooperating on a wide scale in solving potential problems of flooded markets and depressed prices by limiting the rate at which they market their crops. But available storage continues to be a necessity in order to make such cooperation possible.

A movie entitled Toward Tomorrow will be shown at Our Lady of the Gulf Parents Club meeting at 8 o'clock tonight in the school cafeteria.

VANDALISM is hard to tolerate anytime but against the House of the Lord it should be classified as intolerable. The broken windows in the Lakeshore Methodist Church are examples of such vandalism. The windows were knocked out several weeks ago and replaced by the congregation. Recently, vandals struck again and left more broken windows. The Sheriff's office is investigating but crimes by vandals are hard to track down.

Methodists to Hold Call to Prayer Week

Members of the Women's Society of Christian Service of the Main Street United Methodist Church will participate next week in one of the most important annual observances of United Methodist women throughout the United States.

The "Call to Prayer and Self-Denial," initiated in 1947, focuses on guided mission study, a much needed offering for special world and national projects, and a deepened spiritual life.

More than 1,541,500 women in 33,000 societies and guilds in all 50 states will join in the observance.

The theme of the 1968 Call to Prayer and Self-Denial, is Christ, the Giver of Life, inspired by the opportunities to be made possible by gifts and week and the study of the Gospel of John, "Coming to Life," by Dr. Ernest W. Saunders, Dean of Garrett Theological Seminary, and Professor of New Testament Interpretation.

The program meeting, a service of prayer and meditation, will be held at 10 a.m., October 20, in the Main Street United Methodist Church sanctuary.

Members and friends of the W.S.C.S. are invited to attend.

Waveland Baptist Revival Oct. 20-25

Rev. Joe Hanson, pastor Waveland First Baptist Church, announced a revival will be held beginning Sunday, October 20 through October 25.

Morning services will begin at 9:30 and evening services at 7:30.

Rev. Boyd V. Broad, pastor First Baptist Church, Norco, La., will be guest speaker.

Music will be under direction of Gray Wade, Rev. William V. Vaughn and Mrs. Joe Curry.

In connection with the revival, the church will have a prayer retreat at 2 p.m., Saturday, October 19, under the direction of Mrs. Jack Herald. A picnic supper will follow at 5:30 p.m.

Hospital Auxiliary Holds General Meet

The Hancock General Hospital Auxiliary held its board and general meetings on Thursday, Oct. 3 with Mrs. Leo W. Seal presiding. The guest speaker, Mrs. E. C. Samuels, Chairman of the Board of the City-County Library, spoke of the necessity of having a new library building for the community, and enlisted the ladies' help in making it possible.

Three new members were welcomed, namely Mesdames Dwyn Moulner, E. C. Samuels and Cora Coe.

It was announced that two hundred (\$200.00) was given by the Hancock County Hospital auxiliary to finish paying for the Bennett Pressure Breathing Therapy Unit. The Newcomer's donation of \$250.00 was the initial payment for this new piece of hospital equipment.

The Auxiliary's Annual Luncheon is to be held at the Roadview Restaurant on Thursday, October 31 at 12:30 p.m. at which time certificates and award pins will be presented. The next monthly meeting

Mrs. Hilda Cretors celebrated her birthday on Sept. 21st at her home. With her for the occasion were her brothers Fred and George Cretors of Kiln, and Dolph Cretors of New Roads, La.

is scheduled for November 7, at 10:00 a.m. at the hospital.

ERS ARE 10 YEARS OLD - Gus Alme, president, holds traditional shillelagh at 10th anniversary. Seated: Gerald Gex, Red Reimke, Alme, and Russell Elliott. Standing: Billy McLain,

Al Summy, Marlin Markel, Frank Trapani and Joe Kersanac. Not present when photo was taken: Don Griffin, Hank Stockman, Buddy Pittalo, Anthony Lolacano, Gilbert Gayaut, Bert Taylor and Tommy Kidd.

Joan and Red Glass are apparently taking advantage of their 'temporary retirement.' Their latest card came from Pinehurst, N.C. They had just arrived there after visiting Rhett and Charlie Anderson at Parris Island.

We now have a guest list of all who attended the big party. Ray Laney tossed for his wife Sunny at the Showboat on Saturday night. Some enjoying boiled shrimp and lots of other good food and drink included Robert Ketheringham, Victor Schwartz, Wanda Hunter, Delores Cornell, Zole and George Neale, Elvira and Gerry Ross, Hazel and Claude Tracey, Nancy and Donald Kern, Polly and Joe Compretta, A. and J. Bernhardt, 'Alice Capone', better known as Sissy Stewart, also Judy and Nickey Schwartz, Edith McAndrews, Dick Moss, Jimmy Fine, Dianna Blackwell, Pat and Frank Laney and Charlotte and Gene Leuders.

Caroline (Mrs. Bill) Argus was also royally feted on Saturday, Oct. 12, by her husband and fellow Rinkydinks.

Another very special get well wish goes to Maggie (Mrs. Rufus) Lusich, Maggie, whose name is really Magnolia, was badly injured when an anchor slipped into the boat after she and Rufus had returned from one of their frequent fishing trips. She's recovering from severe lacerations of both legs, chest and shoulder.

Her pretty daughter Pat and Jackson on Sundaying nurse her to health, and at the same time busily working on the large, oak shaded lawn as a deacon of their new home. It's located on the corner of Carre Court and Central Avenue and they should have it ready for occupancy before Christmas.

Couples enjoyed a chicken dinner party and Jake Morrey night. The affair was sponsored by the Council 1522 at the Columbus at the

J.V. (Jake) Morreale, Angie and Vincent's oldest son, hit it big time in his debut as a sports promoter. Jake and Lou Messina have scheduled a world's welterweight championship boxing match to be held at Municipal Auditorium on Monday, Oct. 21. Raymond La Cruz, South American Champion has challenged the top U.S. welterweight Curtis Coker. Tickets for the match may be purchased from Frank Trapani at the Knock Knock.

Les and Gene Bullock finished up the final week of her vacation partying with Mamie Wilkes and Edward (Mac) McNeely, who came down to the coast from Columbus, Miss. Hazel (Mrs. Emmett) Demoran has been released from Hancock General and is now recuperating at her home.

SIGHTS AND SOUNDS ALONG THE WAY - Horses and colorfully attired riders brightening up the Saturday landscape; one huge black equine, appearing to be almost 18 hands tall; shrimp boats, or maybe they're oyster boats, sailing closer to shore daily, and the chug-chug sound of their motors clearly audible on a stiff easterly wind.

Color TV with the
works in a drawer.

The works: 10 tubeless, plug-in modules. Result: Motorola Quasar is designed for stay-at-home dependability and fast, low-cost maintenance.

Motorola Quasar is different. Most of the important components, for instance, are in a drawer that slides out. And the works themselves are different, too. They are modules that plug in and plug out. Each module is a mini-circuit with its own job to do. There is a picture module, a color module, a sound module, and so on. You can look around on those modules for tubes, but in the Quasar chassis, the only thing that looks like a tube is the rectifier. For the rest of it, transistors and other solid state devices have replaced tubes. The Quasar is designed this way for dependable performance. No machine is perfect, however. Even the Quasar will need service — sometime. And when it does, this design offers another benefit. If a module is the offender, it can be unplugged and its replacement plugged in. In your home. In minutes. The Motorola Quasar. Beautiful picture (23" diagonal), easy tuning, stay-at-home dependability in a choice of cabinet styles.

U.S. Engineers to Address Pearl Association Luncheon

Col. R.P. Tabb, Deputy Division Engineer of the South Atlantic Division, Corps of Engineers, U.S. Army, Atlanta, will address the annual membership luncheon of the Pearl River Valley Development Association in Jackson at noon on Tuesday, October 29.

The meeting will be held at the Mississippi Power & Light Company Lodge with M.F.A. President R. Sauter Wilson as host.

The Association is composed of individuals and firms interested in the development of the Pearl River basin. In addition to Col. Tabb, other speakers at the October 29 meeting will include Col. Robert E. Sauter, District Engineer of the Mobile District, U.S. Corps of Engineers and W. L. Heard, State Soil Conservationist.

Col. Sauter will give a progress report of the Corps activities in the basin and on the Comprehensive Basin Study of the Pearl which is expected to be completed in late December.

Mr. Heard will give a report on the status of the Watershed Program and other Soil Conservation Service projects in the basin.

Association President Davis predicts a record-breaking attendance for the annual luncheon with members and guests expected from 15 Central and South Mississippi counties.

Commenting on the Association's activities, C.H. (Dick) King, President of the Pearl River Basin Development District, a State Agency, and the official development agency for the area, had high praise for the continuing efforts of the Association to stimulate interest in the county level.

Other Association officers, in addition to President Davis, are Rear Varden, Chairman of the Board, Jackson; Charles Speed, President, Clarendon E.

Morona Jr., Kosciuszko, John Hullblard, Carthage and Granville Williams, Piquette, Vice Presidents, Macdell Davis, Secretary-Treasurer, Jackson, and Alvin J. Beck, Executive Director.

New Orleans Bucs Open Season Monday

The New Orleans Buccaneers will open defense of their division crown with a "new look" outfit. Five promising rookies and a pair of impressive second-year players obtained from Oakland will join the holdovers from the 1967-68 season to form what Coach Babe McCarthy calls a stronger team than last year's.

The Bucs' starting lineup will have six-year veteran Jack McLeod and Oakland transfer Ron Francis at center and James Jones at one guard slot and either Steve Jones or Mike Butler at the other.

Steve Jones, the other player acquired from Oakland, has been the Bucs' top scorer in exhibition play. He will team with All-American James Jones and Butler, the ex-Memphis State flash, to give the Bucs a trio of blue-ribbon guards.

Aside from Moe and Barry at forwards and Brown at guard, Oakland will open with Warren Armstrong of Wichita State at guard and either Ira Hargis of New Mexico or Jim Harkins of BYU at center.

Reserve strength for the Bucs will be supplied by forwards Dave Williams of Mississippi State and Jasper Wilson of Southern, centers Gerald Gowan of St. Mary's and Lee Davis of North Carolina College, and guards Earl Priddy of Dillard and Peter Mitchell of Georgetown.

AT FBI COURSE

Leslie Carrigan, chief, city police officers, Alvin Favre and Jimmy Favre and Sheriff's Deputy George Rayburn were among about 100 officers attending a FBI sponsored course on prevention of bank robberies held at the Jaycee Building in Gulfport Tuesday.

Long John Is Good Man To Know

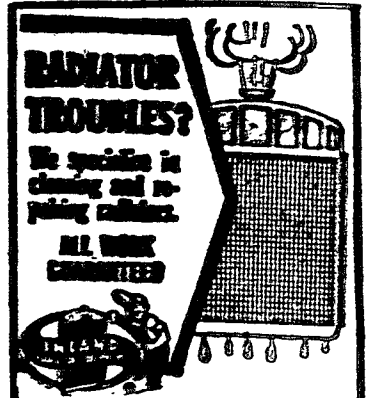

By Doc Elliott

Now that dove season is opening, a real guy to know is Long John Parton of Silver Creek in north Mississippi. He enjoys knowing a number of hunting friends.

Long John is seven feet tall. He acts as a guide and he really knows where the doves are. In order to keep the birds from being flushed out by dropping his hands, never carrying a gun. When he crosses a fence, he just steps over, while his short guys have to climb over or crawl under the fence.

He was born and reared in that part of the state and he knows where the doves are hiding.

He has done a lot of hunting himself. Hunting, eating and vegetables take up most of his time when not working.

SSC Students View Film

On Wednesday, Oct. 9, students from the seventh through twelfth grades at St. Stanislaus High School were given the opportunity to view an educational film entitled "A Trip to Where?" This film showed in a practical manner the nature and effects of the use of unauthorized and non-recommended drugs, such as, barbiturates, amphetamines, marijuana, and L.S.D.

This film has only been recently released and was obtained through the guidance department at St. Stanislaus by Brother Hugh, S.C. Mr. W. D. Lawrence, I.C. Electrician First Class of the Twentieth Naval Construction Regiment in Gulfport, Mississippi, was responsible for showing the film.

The viewing of this film is one of the many educational opportunities offered to the students of St. Stanislaus High School through the guidance department. On October 15, speakers from the Committee on Alcoholism in New Orleans, Louisiana, will address the student body on the nature and effects of alcoholism.

125 million sandwiches are consumed daily in the U.S.

MIKE MEYER will be co-captain against the fighting Tigers of Bay High Friday night at St. Stanislaus Stadium. Mike is a three year letterman.

Vietnam Veteran Speaker At HNC

Richard Barrett, 25-year-old twice wounded Vietnam Veteran from Jackson addressed the student assembly at Hancock North Central School, last Friday.

Barrett, who was awarded the Purple Heart Medal twice as an army enlisted infantryman attracted national attention in 1966 when he returned his college degree to Rutgers University in New Jersey as a protest against a pro-Viet Cong professor there.

He recently testified at the Senate Judiciary Committee in Washington calling for American victory in Vietnam and for increased laws against communists at home.

Barrett is first officer of America's Victory Force, a national organization primarily of Vietnam Veterans. He is also a reservist and is speaking throughout Mississippi and other states.

Plans Being Made For Nixon Dinner

"The Virginian", James Drury, star of the title role in the popular television series, will be the featured speaker at a second statewide "Nixon Victory Dinner" to be held by the Mississippi Republican Party at Biloxi October 24, Thursday night.

The \$100 plate fund raising event is slated for the Broadwater Beach Hotel beginning at 7:30 P.M., according to the joint announcement made by State Republican Chairman Clarke Reed and State GOP Finance Chairman W. D. Moulton.

"We are most fortunate to have the leading star of this prominent television series, Drury, as speaker of the same enthusiasm for Richard Nixon as he does for the role of 'The Virginian' on screen," the two GOP leaders said.

Ailing human hearts may soon be repaired with calf heart valves. Research is underway at University of Southern California.

BANKAMERICARD IS HERE!

Here are the answers to several questions that people are asking about the most useful credit card in the world:

What is BankAmericard?

It is an all-purpose credit card originated by BankAmerica Service Corporation, subsidiary of the nation's largest bank. It proved to be so popular that now hundreds of banks throughout the United States are issuing BankAmericard in cooperation with each other.

How does BankAmericard differ from other national and local credit cards?

BankAmericard combines the best features of national and local credit cards. It is honored nationally and internationally by airlines, hotels, motels, restaurants, oil companies, and by over 200,000 local merchants and business establishments throughout the United States, as well as by hundreds of merchants in this area. That's why we say BankAmericard is the only credit card you will ever need.

Are there any service charges, dues or fees?

It costs you nothing to get and use your BankAmericard, and there are no annual dues. With BankAmericard you get just one monthly bill, with all charges itemized. You have 25 days in which to pay your bill without a service charge.

Suppose my purchases or travel expenses for any one month are higher than my budget will allow?

Here is where BankAmericard offers you another major advantage over other credit cards. For a nominal monthly

charge you can spread your payments over several months... in fact, up to 24 months, if you so desire. This is what we mean when we say BankAmericard is more than a credit card. It is a modern and simplified system of personal money management. Instead of a stack of bills to pay each month, you have only one itemized monthly statement with payments geared to your paycheck.

Do I have to have an account with your bank to use my BankAmericard?

No, you do not. However, this is a definite advantage in doing business with your BankAmericard bank. For one thing, your loan credit is already established as a BankAmericard holder.

Is there any limitation on what you can buy with BankAmericard?

No. You can buy anything offered for sale by any merchant or business establishment in this area or in any other city that honors BankAmericard. This includes almost anything you can think of... from bowling balls to salad bowls to sewing machines, automobile tires, hairdos, drugs, cloth-

ing and jelly beans. If the establishments where you usually shop do not honor BankAmericard, tell them you would appreciate this convenient, modern service.

Will BankAmericard help me to keep track of tax deductions?

It certainly will. It's the best system of personal money management ever offered to the American public. Remember, your monthly statement is itemized, showing exactly what you bought or paid for and how much. This makes it simple and easy for you to keep track of deductible items, such as drugs, doctor's bills, hospital bills, business travel and entertainment.

What should I do with the other credit cards I already have?

Clean out your wallet! It will fit better in your purse or pocket.

When can I start using my BankAmericard?

The moment you receive it!

BankAmericard issued and honored by BankAmerica Service Corporation
